CERAMIC PLASTIC DE-BURRING TOOLS From ARGOFILE

WORK FINISHER's space age ceramics make safe de-burring possible because of its unique non-blade like edge, they de-burr hard plastics effortlessly without the fear of cutting your hand or fingers in the process.

WORK FINISHER is ideal for curved and complicated shapes they excel on ultra-hard resins like glass-fiber, carbon-fiber and talc filled plastics and can also be used on soft metals like aluminum, copper and brass.

Long life, "WORK FINISHER" holds its edge indefinitely without re-sharpening
